PROFESSIONAL SUMMARY

Master of Information Systems and Technology student at Curtin University (CWA 83.57), specialising in data analytics and visualisation, with a bachelor's degree in statistics and finance. I build Power BI dashboards on data I have audited and modelled myself, and I forecast in R so the method can be checked. Four portfolio projects run on their real data at waranyu-cv.vercel.app. Seeking a data analyst internship in Perth, and graduate roles from July 2027.

EDUCATION AND TRAINING

Master of Information Systems and Technology 2025 – Present
Curtin University, Western Australia · Specialisation: Data Analytics and Visualisation · CWA: 83.57

Bachelor of Science and Technology 2019 – 2023
Thammasat University, Thailand · Major: Statistics · Minor: Finance

KEY SKILLS

Data Analysis and Visualisation
Skilled in using Power BI, Tableau, Excel, Python, and R to clean, analyse, and present data insights through dashboards and reports.

Data Modelling and Database Design
Knowledge of SQL, ERD design, dimensional modelling, star schema design, and database structure.

Forecasting and Statistical Modelling
Experienced in linear regression, time-series analysis, forecasting, prediction intervals, and model interpretation using R.

Communication and Data Storytelling
Able to explain data findings clearly through dashboards, reports, and presentations.

ACADEMIC PROJECTS

FreshMart Sales Performance Dashboard Case study ↗
Power BI · Power Query · DAX · Data Modelling

- Built a Power BI retail sales dashboard using Power Query, DAX, and star schema modelling to analyse revenue, margin, product performance, and store performance.
- Cleaned and standardised source data, including duplicate removal, category correction, and data type validation.
- Created KPI measures and visual insights to identify sales trends, product/category performance, and district-level performance gaps.

Renewable Electricity Transition Dashboard Case study ↗
Power BI · DAX · R · Forecasting

- Developed a Power BI dashboard to analyse Australia's renewable electricity transition from 2005–2024 and forecast progress to 2035.
- Cleaned and standardised multi-country electricity data, including energy source mapping and GWh-to-TWh conversion.
- Created DAX measures for renewable share, renewable generation, non-renewable generation, and renewable source mix.
- Used R-based linear regression to forecast renewable generation and renewable share with prediction intervals and model statistics.

Football Club Database Design and SQL Implementation Case study ↗

SQL · Oracle · ERD · Database Design

- Designed a relational database model for a football club management system.
- Developed an ERD and business rules to define relationships between key entities.
- Created a logical database schema with clear table structures, relationships, and constraints.
- Built and tested Oracle SQL tables to support accurate data storage and relational integrity.

RELEVANT EXPERIENCE

Digital Marketing & Data Analytics Intern Nov 2022 – Jan 2023

Like Me Co., Ltd. – Bangkok, Thailand

- Supported digital marketing campaigns through social media content, product research, and competitor analysis.
- Conducted basic data tracking and market research to support campaign planning and business decisions.
- Assisted with content writing and customer trend analysis to improve marketing communication.
- Developed practical experience combining marketing insight with data-informed decision-making.

ADDITIONAL EXPERIENCE

Bartender / Wait Staff Nov 2023 – Present

Six Senses Gourmet, Leederville, Western Australia

- Delivered customer service in a fast-paced restaurant environment, including taking orders, serving food and drinks, bartending, and processing bills.
- Communicated clearly with customers and team members to support smooth service during busy periods.
- Managed multiple tasks under pressure while maintaining accuracy with orders, payments, and customer requests.
- Supported a positive dining experience by responding to customer enquiries professionally.

ACHIEVEMENTS

Best Business Case Pitch — “Branding is All About Counting” 2023

NSO Data Camp, Thailand

Selected for Best Business Case Pitch after presenting a data-driven business model using tourism statistics, customer segmentation, and branding strategy.

PROFESSIONAL DEVELOPMENT

Google Data Analytics Certificate Courses Completed May 2026

Coursera / Google

- Foundations: Data, Data, Everywhere
- Ask Questions to Make Data-Driven Decisions
- Prepare Data for Exploration
